Blue Smoke is a feminine cow that we purchased because she has a beautiful face and black, white, grulla and blue coloring in her line. We are hoping she will bring these colors into our herd. Though she is registered as black and white, her white has a soft yellow grulla coloring and she develops some gray coloring over the winter. So, we hope one day to get a grulla calf from her. Smoke is good mother, has a great udder and has good feet.
